

“Expert Witness Courtroom Testimony Course”

Indiana Chapter #14 of the International Association of Arson Investigators Lafayette, Indiana July 7th thru July 9th, 2006

The Indiana Chapter of the IAAI will be offering its members the opportunity to take the expert witness testimony class. Successful completion of this course is accepted by the IAAI as an alternative for the expert witness experience requirements for the Certified Fire Investigator (CFI) application process.

The class size is limited to **8 students**. Because of the limited size of the class, selection will be given on a first come, first served basis, however a priority will be given to those who need the class as their **last** requirement for CFI testing.

If selected, course participants are encouraged to bring a laptop computer for convenience in completing class assignments.
